Since the labels will be covered, make a mental note of this and use the picture for reference.
Dado que las etiquetas se van a ocultar, toma nota mental de cual es cual

Put the smallest single part circle on first by sliding it up from the bottom. This will help support the two part circle.

Pon la pieza circular más pequeña primero deslizándola desde abajo. Esto ayudará a sujetar el círculo de dos partes.

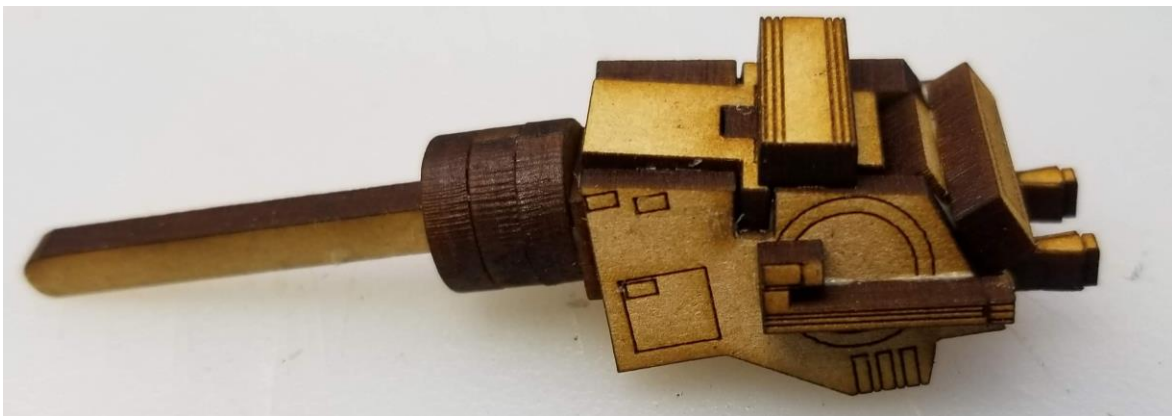

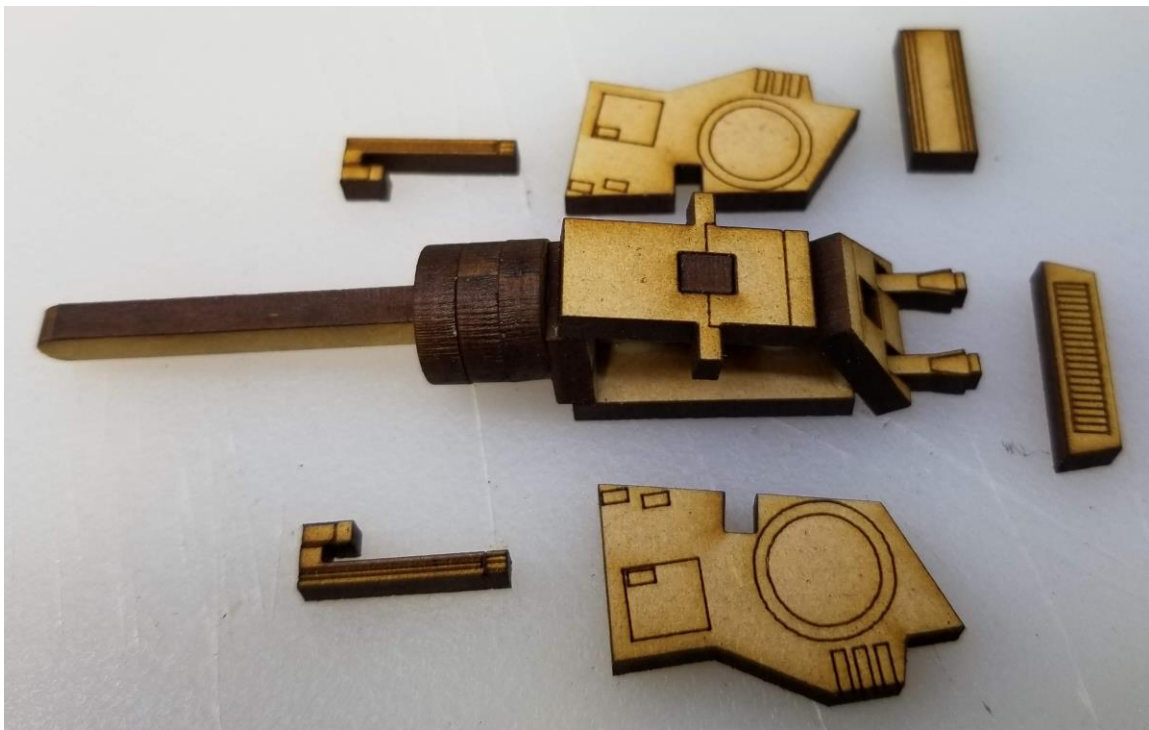

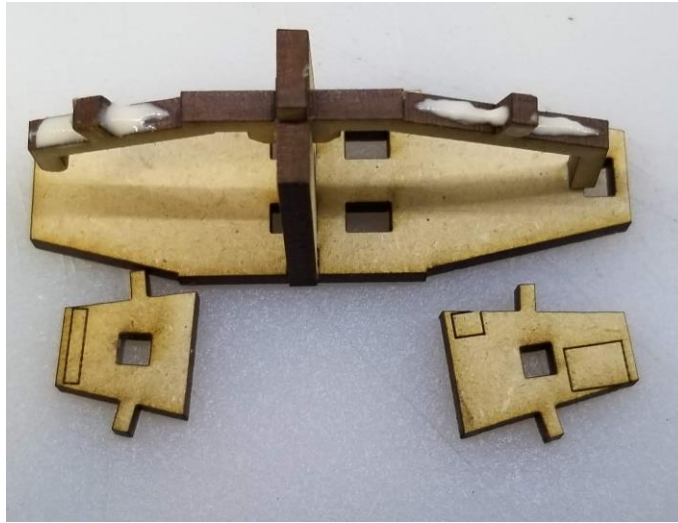

Las caras cilíndricas más largas, para atrás

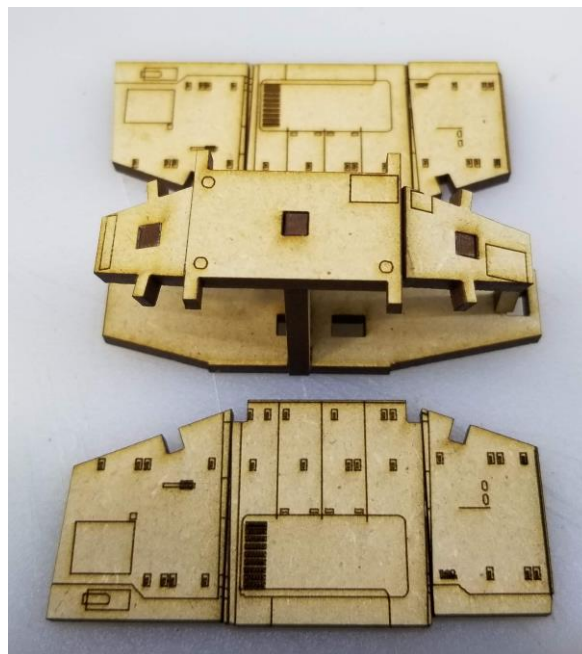

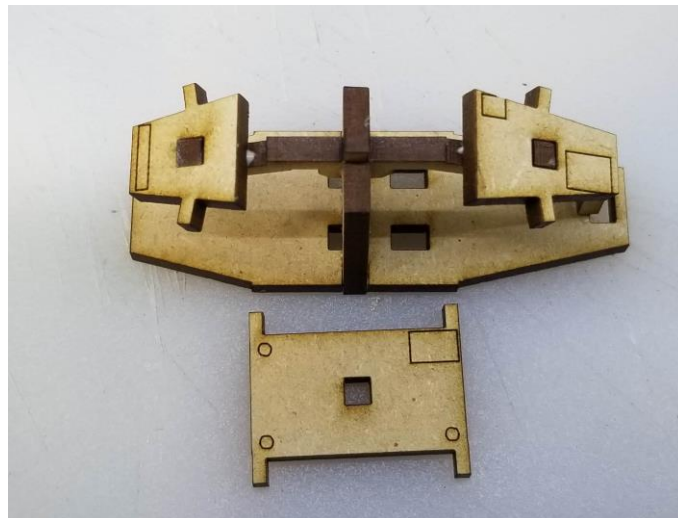

Put the front and back top pieces on first. Then the middle piece.

Pon primero las piezas superiores traseras y delanteras. Luego la pieza central

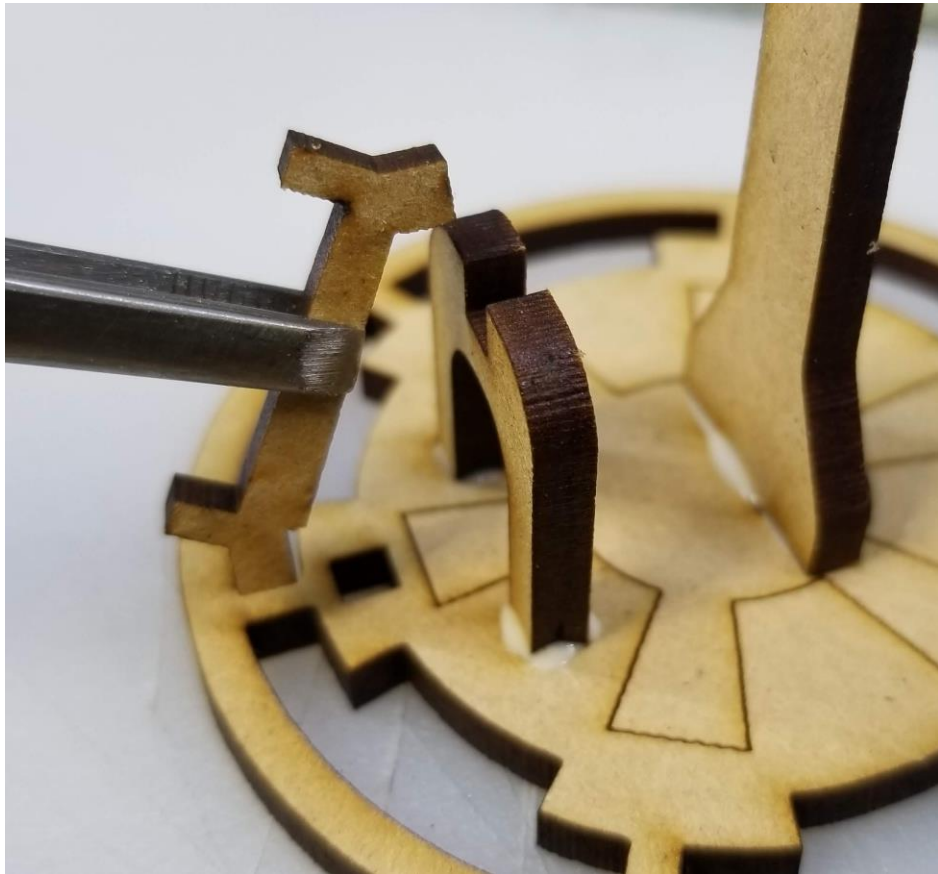

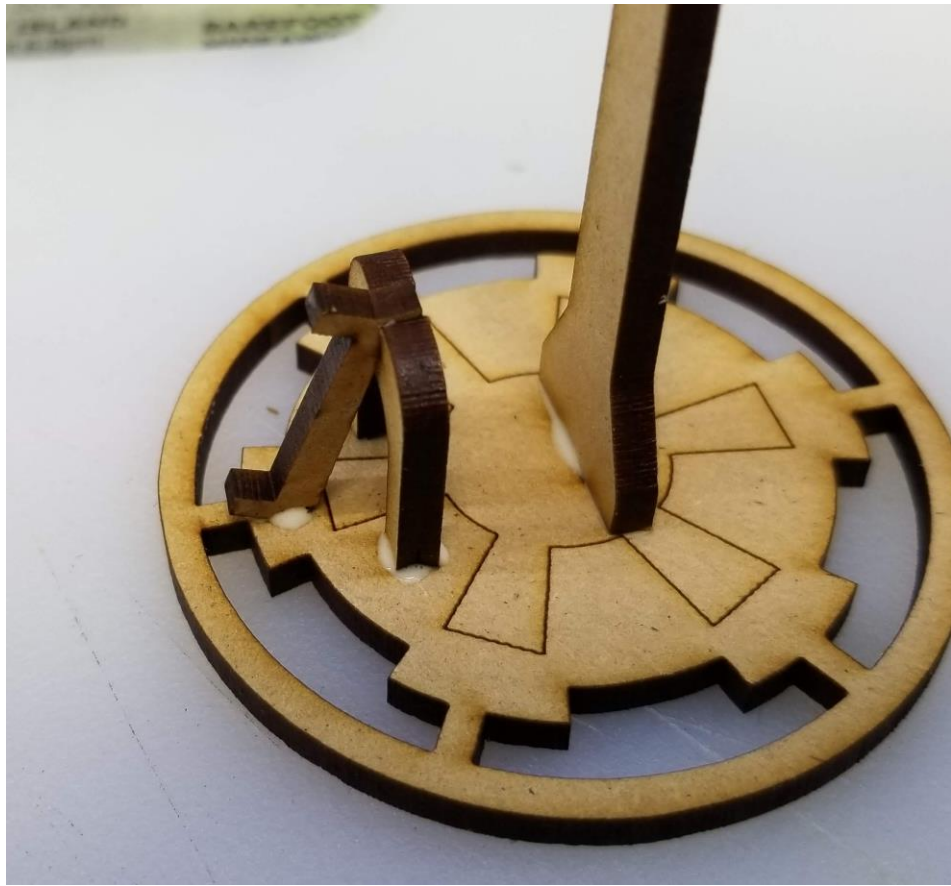

And now the stand

Straighten out the name plaque and place a drop of glue where it intersects the base on the left and right side.
This will keep it from easily twisting off.

Centra la plaquita y pon un poco de pegamento para evitar que se mueva.
