While many parts look identical, each part is unique unless indicated otherwise. I highly recommend removing each part from the material as you assemble to avoid mixing up similar parts (or write the number in the back of the piece). Use a small amount of glue and take your time.

I sincerely hope you enjoy this kit and have a great time.

Aunque muchas piezas parecen idénticas, cada pieza es única a menos que se indique lo contrario. Recomendando encarecidamente retirar cada pieza del material a medida que se ensambla para evitar la mezcla de piezas similares (o escribir el número por la parte de atrás). Utilice un poco de pegamento y tómese su tiempo.

Espero sinceramente que disfrute de este kit y se lo pase en grande.
